- Indraprashth Society 5, Bedi - Rajkot

EDUCATION

2022 - 2024
MARWADI UNIVERSITY

- Bachelor of technology
- CGPA: 7.6

2019 - 2022
UNIVERSITY INSTITUT OF THE COAST

- Bachelor of technology
- CGPA: 7.8

2018 - 2019
I.B.L LE LEVANT

- Baccalaureat
- SCORE: 13.65 / 20

SKILLS

- Operating Systems
Windows, Ubuntu
- Programming Languages
Python, C#, PHP, Java
- Frameworks
Flask, .Net, Laravel, Spring Boot
- Databases:
MySQL, Microsoft SQL Server, Firebase
- Machine Learning & AI
Exploratory Data Analysis, Machine Learning Modeling (Beginner)
- Professional Tools
IntelliJ, Jupyter Notebook, Google colab

LANGUAGES

- English (Fluent)
- French (Fluent)
- German (Basics)

PROFILE

Dedicated and innovative Software Developer with a strong background in Laravel and web application development. With 3 years of experience in building scalable, efficient backend solutions, I am also a passionate Junior AI/ML Developer, eager to explore the intersection of web technologies and artificial intelligence. Skilled in creating robust systems, I am driven by a deep interest in machine learning, with a focus on leveraging data to build intelligent applications. Committed to continuous learning and applying modern technologies to solve complex challenges.

WORK EXPERIENCE

Dotpitch technology 2023 - PRESENT
Laravel developer

- Design and implement robust backend solutions using Laravel, ensuring high performance and responsiveness to requests from the front end.
- Develop and maintain RESTful APIs, integrating third-party services and ensuring secure data exchange between client and server.
- Utilize best practices in database management and optimization, ensuring data integrity and efficient querying within MySQL or other relational databases.

Memphys sarl 2021 - 2023
Junior Software Engineering

- Developed and maintained high-quality software applications for a healthcare platform, enabling multiple hospitals and care centers to create accounts and manage services such as pharmacy, hospitalization, cashier, and laboratory.
- Collaborate with senior developers and cross-functional teams to gather requirements, design solutions, and implement new features that meet user needs.
- Assist in troubleshooting and debugging applications, leveraging problem-solving skills to identify and resolve issues efficiently.

Jangolo sarl May, 2021 - July, 2021
Laravel intern

- Assist in developing web applications using Laravel, applying best coding practices and gaining hands-on experience.
- Collaborate with team members to implement features and translate requirements into functional solutions.
- Write and execute unit tests to ensure code quality, focusing on test-driven development (TDD).
- Participate in team meetings and code reviews, contributing ideas and receiving constructive feedback.
